

# International Conference on High Energy Particle & Astroparticle Physics (ICHEPAP2023)

## Tuesday, 12 December 2023

### Parallel Session 2: Collider (14:30 - 16:30)

time	[id] title	presenter
14:30	[20] New Physics Searches using Novel Topologies	KAR, Deepak
15:00	[21] Lattice QCD study of exotic hadrons	MATHUR, Nilmani
15:30	[22] Unbiased exponential resummation in lattice QCD, a new way of exploring finite-density QCD	MITRA, Sabarnya
15:50	[23] Searches for heavy particles decaying to Higgs boson(s) in CMS experiment	CHATTERJEE, Suman
16:10	[24] Searching for top squarks from the landscape at HL-LHC	DUTTA, Juhi
